

Skills PTE Academic Practice Test Platform

Home Page

1. Force login

Once we land on the home page, have a pop-up to enter Name, Last Name, Phone number and email ID and Submit.

Also, have a close button, if user doesn't want to enter details he can close the pop up.

2. Top Ribbon (Fixed)

Email ID : Skills@skills WhatsApp at : +918971548471

3. Main Menu

PTE Blog, Speaking, Reading, Listening, Writing, Mock Test, About Us, Contact Us

4. Enrol for Course

Have a contact us button, on click show the course details and WhatsApp phone number.

5. Login/ register Button

Allow user to enter details and create his/her login. Once logged in show the user dashboard. Above this button we can display text "Try it for Free". If he click on no. 3 Without login, navigate to no. 5

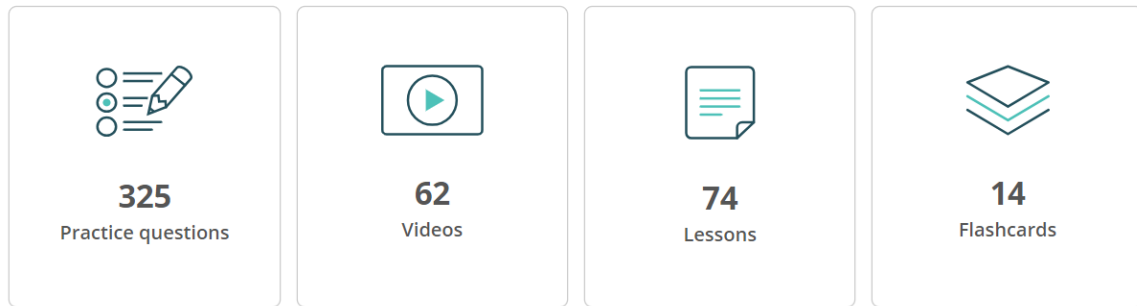

6. Success Stories

We will show the flashcard of Clients score report and reviews.

7. What's included.

We will have a video or details on what we are offering here in detail. (we can have a list of boxes and have details on each module. So that it's easy to understand)

Example below: (If you have any other Idea, we can implement that too)

8. Review :

We will have a link where in our secretaries will generate and send it to people who have got their score.

We will show with name, stars and comments. More button will show next page of comments.
