

## Policy Wallet Development Service Agreement

This app development service agreement is intended as a legally binding agreement between Manma Services Pvt. Ltd. (Client) located at A1/44, Freedom Fighters Enclave, New Delhi-110068 and Innovation Softech Solutions Private Limited (Developer) located at #319, 3rd floor, Block D/E, Chandigarh Citi Centre, VIP Road, Zirakpur (Mohali), 140603; collectively known as the "Parties".

Client intends to create a policy wallet for end user. Developer has agreed to design, create, develop, test and deploy the app in both android and IOS according to the scope of work/deliverables mentioned in this agreement. Developer is interested in taking such work and client and developer mutually decide to set and agree to the Terms and Conditions Mentioned in this agreement.

### Scope of Work

The specific deliverables and project requirements shall be governed by the Scope of Work listed below and final flow chart (approved-attached with this agreement)

#### Short Description of App Features for end user

1. After an end user downloads the application they can sign up/sign in and after sign up they can add the policy details.
2. They can scan the policy and that can be automatically converted to image. An inbuilt scanner will be specially made for this purpose. They can also upload that from gallery or file manager.
3. Once uploaded they can provide all details and submit the policy. After submission the policy will go for the verification to the Admin team. After the Team verifies the policy the verification status will change to verified.
4. The user will get notification for renewal and some other promotional stuff in the form of notification or email, that can be scheduled or can sent from admin panel. • User can add agent reference too.
5. User can add agent reference too.
6. End User can add/remove their family member or relatives.
7. They can share their policy in the app with the family members only after the family members mobile number is verified.
8. The family member or relative can check the policy too, they can also create their own policy and share it as end user.

319, Block D/E, 3rd floor, CCC, VIP Road, Zirakpur,  
Distt Mohali, 140603

## Terms & Conditions

- Developer agrees to attain UI/UX approval from the Client prior to beginning development. Changes in UI/UX will not be entertained more than 2 times.
- All materials to be supplied by client must be provided in compatible file types and sizes.
- Client will be provided an opportunity to test each feature.
- Developer will provide technical support after deployment and this support includes resolving of issues arising in the work done by the developer.
- The rights of the code shall remain with clients, they can use it anywhere for their personal interest and business and after development full source code will be handed over to the client.
- In case of any dispute or issue the client or developer wants to raise a legal issue then they can raise issue only in Punjab Jurisdiction pincode(140401,140603).
- Developer will deploy the apps to the specific app stores. (android +IOS) • Developer will develop only the concept decided in the agreement.
- Any request for an extra functionality from the client's end will not be entertained. They will have to do another agreement for that.
- If there is any delay in responding, or payment from client side, that delay will also reflect in deliverables and for this delay only client is responsible. In such scenario deadline may extend. The progress in the development shall begin after the requested amount reflects in the company's account.
- If by any chance client cancels the deal, after signing the agreement or are not able to pay the pending amount, then in this scenario our company is not responsible for providing the work.
- The given amount will not be refunded in any case.(only if our company steps back then we will refund the collected amount only if all other condition is met).
